Cleveland Community College
Student Settings for Mobile Devices

To setup your Cleveland Community College student email on your mobile device (iDevice, Android), following the steps for setting up a new account on your device, use the following settings:

**POP setting**
- Server name: pod51011.outlook.com
- Port: 995
- Encryption method: SSL

**IMAP setting**
- Server name: pod51011.outlook.com
- Port: 993
- Encryption method: SL

**SMTP setting**
- Server name: pod51011.outlook.com
- Port: 587
- Encryption method: TLS

and use your username and password as detailed on cccConnect.

Note that on an iDevice you should choose the “Other” account type.
